

PRODUCT DATA SHEET DG Canvas

Product Description: A low gloss, even textured, water resistant ink jet coating on cotton/poly blend artist grade canvas. A high white point offers a full color gamut. When used in conjunction with IJ's non-solvent water based top coat (IJTC) a marked improvement in color saturation, apparent contrast, and durability can be achieved. IJ Top Coat is available in satin and gloss finishes.

Suggested Uses: Fine Art Reproduction, Photo and Photographic Prints

Product Code: DGCVS

Roll Dimensions:	Width (inches)	Length (feet)
On 2" cores unless noted.	17	40
	24	40
	36	40

When printing DuraGraphix™ media in the HP CP printers with UV inks, it is recommended that the "Media Test Print" be run to evaluate the best print mode. We recommend the Custom A UV print mode on the HP CP when a media test print is not possible.

NOTE: This Product Data Sheet is intended to be used as a guideline only. Before using our print media, please verify that it is suitable for use with your printer. IJ Technologies will not assume liability for non-performance of the print media resulting from changes beyond our control in printing inks and/or printers.

Specifications are subject to change without notice. The product will be replaced if defective. No other liability will be accepted and all other warranties and conditions statutory, expressed or implied are excluded.
